

*“Accelerating growth through innovative technology -  
How to successfully implement the newest Fintech solutions?”*

The Screen Markets – Luxembourg event (November 13, 2018) will bring together the financial services user firms and vendor communities of various European countries. Consisting of an exhibition and a conference, Screen Markets offers all participants the best opportunity in the year to meet and mingle with all players on both the supply and demand side.

**Conference program**

**14:00 – 14:30 Registration and welcome drinks**

**14:30 – 15:20 TRG Screen**

**“How to track and control usage of market data services you pay for”**

**Topic Overview:**

- ✓ State of play on automated tracking of market data services
- ✓ Challenges of understanding how information services are used
- ✓ Technology solutions to automate market data tracking and control
- ✓ How to ensure compliance with vendor policies on an ongoing basis

**Moderator/speaker:**

Jamie Johnston, Business Development Manager – ResearchMonitor  
TRG Screen
